If your box already registered, you may use this tool for retrieve additional or lost login and password. In this case you need to enter correct email address."

A 'Submit' button is located at the bottom right of the form area. A progress bar at the bottom left shows '0%'.

4. All done. Check your mailbox. You have to received E-mail with your personal data (login and pass for access to support area)

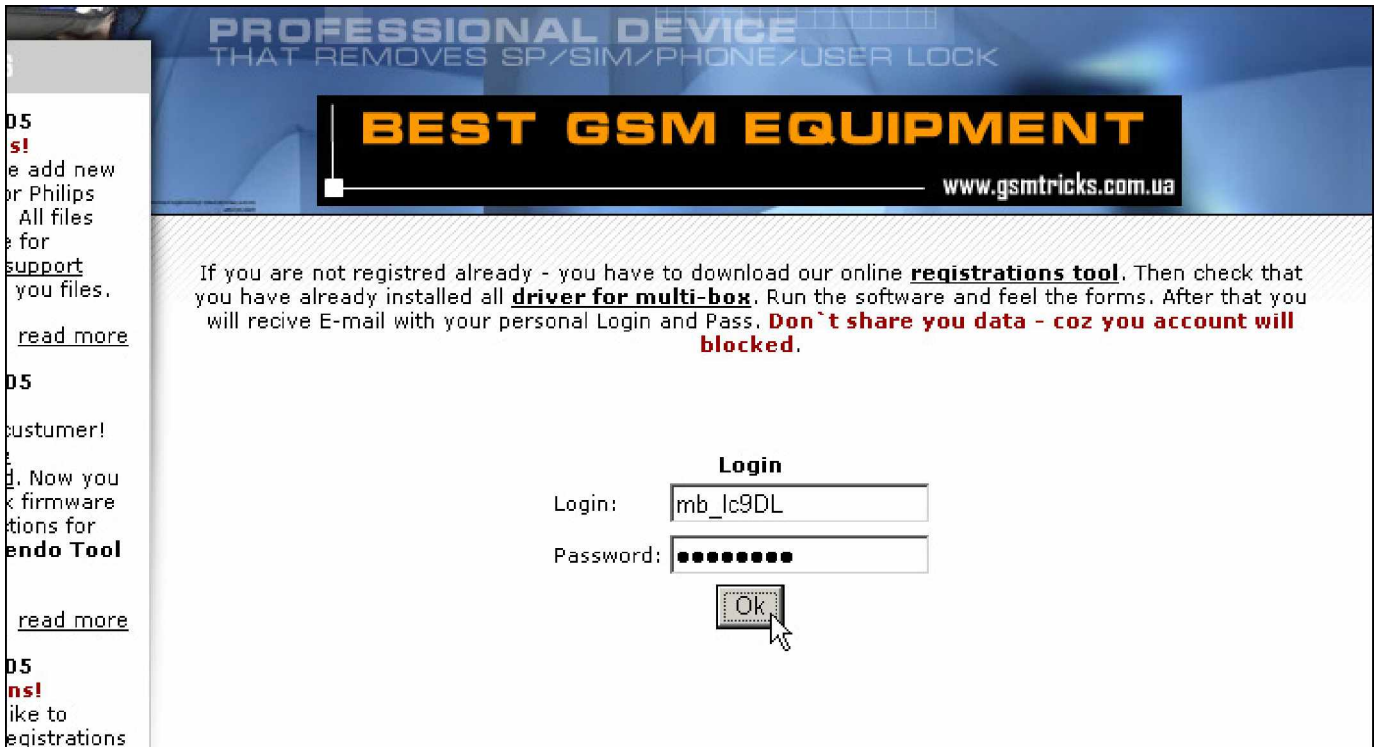

The screenshot shows the 'User Registration Tool v1.0' window after registration. The terminal window on the left now displays:

```
Ready...
Multi-Box - (c)2005 DELOK Research lab. -
www.multi-box.net
Box SN: 00000 HW ver:1.0 Last update
on: 23.05.2005-08:49
Box FW version: 1.0.0 FW compilation date:
03.05.2005
Card ID: MultiBOX Card v1.0
Card SN: Card FW version: 1.0.0
===== Reseller Info =====
Name: -, -
Web: -
E-Mail: - Phone/ICQ: -
No user info stored (box not registered)
Box status: OK
Connecting to MultiBox server...OK
Registration completed. Check your mailbox
```

The main form area is identical to the previous screenshot, but the 'Submit' button is now disabled. The progress bar at the bottom left still shows '0%'.

5. Go to support page on www.multi-box.net and check your received login and password
